### Professional Experience

#### AU2M8 Marketing Agency

##### PROJECT MANAGER - Technical

Remote

2024 – Present

- End-to-end web development project management from initial discovery to go-live, coordinating timelines, budgets, and resources for multiple WordPress Divi5 projects.
- Coordination of hybrid teams (human developers and AI), optimizing workflows with tools like Claude AI to accelerate development and testing.
- Implementation of agile methodologies using Trello, Notion, and N8N to automate processes.
- Mobile application product management from conceptualization to technical implementation using Flutter, Java Spring Boot, and MySQL.

#### TORX Marketing Agency

Remote

##### PROJECT MANAGER - Digital Marketing

2021 – 2024

- Creation and execution of Digital Marketing strategies to promote 12 audiovisual digital products sold on proprietary e-commerce platforms.
- Team management (8 people) working on different projects simultaneously and remotely using Project Management technologies such as Coda, Jira, and Trello. Supervised promotional video clip creation, **increasing production rate by 60%** in 3 months. Process optimization and implementation of quality control systems for clip production and review.
- Increased flagship brand clip views from an average of 10,000 to over 300,000 weekly views per clip in one year through keyword research, positioning optimization, and thumbnail development using A/B testing and artificial intelligence.
- Doubled traffic generated across all brands by the end of my tenure at the company.
